ICE Wales Cymru Apprentice of the Year Award 2024

Sponsored by the South Wales Institute of Engineers Educational Trust (SWIEET)

You are invited to apply for the prestigious ICE Wales Cymru Apprentice of the Year Award. This award is open to all ICE civil engineering apprentices across Wales.

The winner will receive:

- a) a monetary prize.
- b) a prestigious trophy.
- c) a certificate of their achievement; and
- d) recognition in the ICE Wales Cymru 2024 Awards ceremony

Last years winner was Dominic Henson, Civil Engineer Advanced Apprentice at Atkins Realis.

Dominic is pictured here receiving his award from Mr Philip Hourahine, SWIEET and Eleri Sion BBC presenter and host of the Award event.

Dominic said:

"I'm delighted to have been successful in winning Apprentice of the Year for the second year running. I know there was some very strong competition and am very happy to have edged the decision. Winning the award will hopefully allow me to gain many new contacts within the industry and help me to pursue new opportunities to develop.

"I encourage any one thinking of entering for this Award to do so. The benefits I have experienced during my time with the title will, I've no doubt, continue to aid me as I progress in my career"

Apprentice of the Year 2024 – Rules

Applicants should include the following information in support of their entry:

- Full name.
- ICE Membership number.
- ICE Membership grade.
- Employer and job title
- Apprenticeship scheme.
- Short CV (max two pages), which should include academic qualifications attained and currently being undertaken.
- A statement of support provided by your supervisor or line manager.
This should include a detailed assessment of your commitment and capabilities to emphasise your suitability as a candidate.
- A completed entry form which must follow the guidelines shown thereon.

Applicants should send their entry forms to wales.cymru@ice.org.uk by midnight Wednesday 01 May 2024. Entries received after this date will not be considered.
