

## Institution of Civil Engineers Hong Kong Association Graduates and Students Division Committee Election, Session 2024-25

### Invitation for Nomination

The Institution of Civil Engineers Hong Kong Association Graduates and Students Division (G&S) was established in December 2000. Over the past years, G&S has been focusing on establishing the Division in Hong Kong, developing good relations with local universities and the industry, promoting the Institution to students, organising well-received technical visits, seminars, mock CPR and personal development workshops for its members as well as charity activities for the society. G&S has extended close relationships with other young engineers in the region and explored civil engineering development around the world. Starting from 2003, G&S has organised various delegation trips and visited many places abroad, including Japan, Singapore, Brunei, the United Arab Emirates, London, Thailand, Sweden, Finland and South Korea. Our network continues to expand as the list grows.

In coming sessions, G&S will continue to work on developing partnership with professional institutions and the universities, fostering knowledge exchange, encouraging and providing networking opportunity, locally and globally, for our members.

With over 2,300 Graduate and Student members in Hong Kong, your support is vital to helping us to accomplish these challenges ahead. In G&S, you will have the opportunity to organise different kinds of activities through which you will utilise and enhance your communication, leadership and collaboration skills, etc. Moreover, your new ideas are essential in shaping a better G&S for our members and yourself in the future.

Sounds interesting? Come and join us! You may also support us by nominating enthusiastic and capable young members to join our Committee. This year the G&S Committee will recruit **ELEVEN** Graduate / Student members to the Committee for Session 2024-25. Each member may nominate one candidate at most and can second one candidate at most. All nominations together with required documents must arrive at the ICE Hong Kong Office or be emailed to [icehk@ice.org.uk](mailto:icehk@ice.org.uk) **before 5pm on Wednesday, 13 March 2024**.

As the G&S follows the rectified Constitution of ICE Hong Kong Association, Version September 2020, each future session shall comprise the period from one Annual General Meeting (AGM) to the succeeding AGM. The AGM of each future session is to be organised prior to the AGM of ICE Hong Kong Association. The G&S AGM is scheduled on 15 June 2024. More details will be provided in due course. The Regulations of the G&S Division is available for download at ICE Hong Kong website: [ice.org.uk/hongkong](http://ice.org.uk/hongkong)

If eleven or fewer valid nominations are received, all nominees are deemed to be automatically elected. Otherwise, a ballot will be held. Every Graduate and Student member of the Institution residing in the HKSAR will then be invited to vote for your favourite candidates. The nomination results will be posted on the ICE Hong Kong website on or before Tuesday, 2 April 2024, or after validity of nominations has been verified, whichever is later.

For enquiries regarding nomination, please contact Ms Cecilia LAI of ICE HK Office (T: +852 3153 4180; E: [icehk@ice.org.uk](mailto:icehk@ice.org.uk)).

# Graduates and Students Division (G&S) Election of Committee Members, 2024-25 Session
